SEO	Customer Support	Troubleshooting		
Communication skills				

## CERTIFICATION

Technical Support Fundamentals by Google

Gained expert knowledge about Operating Systems, networking, customer support, troubleshooting from [Google Career Certificates](#)

## EDUCATION

Bachelor of Science in Computer Science

COMSATS University Islamabad

⌚ 02/2021 - Present

- Web Technologies
- Software Engineering Concepts
- Operating Systems
- Object Oriented Programming
- Programming Fundamentals
- Database systems
- Mobile Application Development
- Data Structures & Algorithms

CGPA

3.1 / 4.0

## LANGUAGES

English

Professional proficiency

Urdu

Professional proficiency

## PROJECTS

### Password Generator (React)

Developed a password generator using React, allowing users to select password length and include numbers and characters via checkboxes. Leveraged useState, useEffect, and useCallback for optimized performance and useRef for text highlighting upon copy.

### Currency Convertor (React)

Developed a React-based currency converter that allows users to swap currencies and input amounts through a text field. The application fetches real-time exchange rates from a free API, displaying accurate conversions. Implemented useState, useEffect, and useCallback hooks for efficient state management and performance.

### Library Management System

A database management system that keeps track of the books, let the users download and view books, admin controls everything from issuing books to allowing students to register their accounts. Technologies used ASP.NET with C#, MS SQL DB, Bootstrap

### Blogging Website ([Tourtides.com](#))

Developed a responsive blogging website, Tourtides.com, featuring well-written, SEO-optimized blogs for travel enthusiasts. Built using WordPress, the site ensures high performance and search engine visibility. Explore the website at [Tourtides.com](#).

## PASSIONS

### ✓ Frontend Advocacy

Passionate about promoting UI/UX awareness and best practices within my community.

### ★ Continuous Learning

Dedicated to continual skill enhancement through certifications and courses.
